Safety at its best All garage doors conforming to European Standard BS EN 12604

Series 2000 Garage Doors

Distinctive Styling, Outstanding Performance

Door Style Selector

Hörmann offers a complete range of high quality garage doors

The Hörmann Series 2000 garage doors are undeniably attractive in appearance.

With a range of designs that comprises of single and double up-and-over doors in steel, timber and GRP. Their well defined styling and their ability to bring an appeal and individuality to your home that will charm the eye for many years to come.

From the first time you open and close your Hörmann garage door you will be delighted with its smooth and easy operation. This is due to the advanced technology and design that has been developed through more than 40 years of garage door production by Hörmann in a quality difficult to match.

Hörmann offer a wide range of standard garage door sizes in either canopy or retractable gear to fit to a timber frame. We recommend, however, that the Hörmann powder coated steel frame is used, as it makes a complete door set.

A Hörmann garage door operator for increased safety and security

You simply press the button on the hand transmitter and your garage door opens by remote control. The operator light switches on automatically at the same time and stays on until you have left your car. So you can drive into your garage without having to leave the comfort of your car, safe at night and

Can be installed at any time It couldn't be easier!

it coulant be easier!

Investing in a Hörmann garage door operator makes sense

Ask your Hörmann specialist distributor for a copy of the Hörmann brochures on garage door operators or contact us directly.

Hörmann operators of the SupraMatic series

Powerful operators with a stainless steel housing. Ideal for Hörmann garage doors but also suitable for other brands of up-and-over, sectional doors as well as hinged garage side doors.

EcoMatic

Modern garage door operator with plastic housing. Ideally matched to Hörmann garage doors, but, of course, also suitable for all other garage doors.

Series 2000 Steel doors

The steel door range consists of nine designs in a Traffic white finish (RAL 9016) and up to twenty sizes. Some of our designs are available in Terra brown finish (RAL 8028), more details available upon request.

www.thegaragedoorcentre.co.uk **Window options**

The Georgian design (2304) is available with windows as an optional extra for 7'0" x 7'0" and 14'0" x 7'0" sizes.

Decorative windows are available with crystal panes in these three designs:

www.thegaragedoorcentre.co.uk Design your own door with the open-for-infill frame (Design 2011)

The Hörmann open-for-infill skeleton frame is perfectly prepared to accept a timber infill of your own design.

The minimum infill weight is 6 kg per sq.mtr. and the max. infill weight is 10 kg per sq.mtr.

The leaf frame, incorporated with fixing holes spaced at 30 mm intervals, makes it easy for you to apply your own timber boarding.

Lead light designs for timber and GRP doors

Windows for timber doors

For the design 2019 Garage Light windows of tough durable perspex are used.

These are available either clear or stippled opaque and can be plain or with diamond or square simulated 'leaded light' appearance (please advise when ordering).

Diamond

Windows for GRP doors

For design 2041 Coniston, 2042 Windermere and 2043 Kielder windows are available in either plain, diamond or square design leading on either translucent or smoked perspex. 2040 Livingston is only available with Black perspex whilst the 2044 Stamford is available with all three options (please advise when ordering).

Series 2000 **GRP** doors

www.thegaragedoorcentre.co.uk

Low maintenance is an important factor to many householders, our GRP range offers not only this, but a range of designs that will compliment all architectural requirements. The Coniston and Stamford designs available in brilliant gloss white.

(0800) 525442

With all the other timber effect doors having the options of Matt White, Mahogany, Dark Oak and Cherry Oak we are sure you will find a colour to fulfil your needs.

Note, due to the manufacturing process "woodgrain effect" doors may vary slightly in colour.

2041 Coniston *

2042 Windermere - Wide grain

2046 Hazelbury - Close grain

2034 Penshurst - Wide grain

2035 Hartfield - Wide grain

Mayfield - Close grain

2040 Livingston - Close grain

2044 Stamford *

Whilst Coniston and Stamford use White OFI (based on RAL 9016) on 7'0" and 7'6" wide doors, 8'0" and 9'0" doors use Brown OFI (based on RAL 8028) and therefore will not be as pictures shown.
